

WHO WE ARE

Built on a Legacy of Flight

Vision Institute of Aviation is part of the Vision Group of Institutions, which runs a DGCA-approved Flying Training Organisation in Amreli, Gujarat. The admission office and ground-class centre is in Dwarka, New Delhi.

India's aviation sector is among the fastest growing in the world. Airlines and MROs need licensed Aircraft Maintenance Engineers and trained cabin crew.

Our Mission: To give every student industry-relevant knowledge, real practical exposure and professional grooming so they can step confidently into aviation.

Your Vision. Your Career. Your Sky.

VISION INSTITUTE OF AVIATION

Engineering Your Journey to the Skies

Shaping India's Next Generation of Aviation Professionals

Courses Offered

Programmes built for aviation careers.

- **AME Category B1.1 — Aeroplane Turbine (Mechanical)**

  Covers aircraft structures, turbine engines and mechanical systems.

  Duration:
  2 Years + Practical Training

- **AME Category B1.2 — Aeroplane Piston (Mechanical)**

  Covers aircraft structures, piston engines, and mechanical systems.

  Duration:
  2 Years + Practical Training

- **AME Category B2 — Avionics**

  Covers aircraft electrical, instrument, navigation and communication systems. It is one of the most in-demand AME streams.

  Duration:
  2 Years + Practical Training

How Does AME Licence Works ?

Aircraft Maintenance Engineering is a DGCA-regulated licence programme, not a conventional degree. Students complete academic training and the required practical experience, then clear the DGCA module examinations to earn the licence.

Why Choose VIA?

The Best In the Market

01. DGCA-Oriented Training:
AME education aligned with DGCA standards.

02. Industry-Experienced Faculty:
Aviation professionals who bring real-world expertise into the classroom.

03. Hands-On Practical Training:
Workshops, lab sessions and aircraft-based training.

04. Exam-Focused Study Material:
Regular assessments and support for the DGCA module exams.

05. Personality & Interview Grooming
Communication, etiquette and interview skills.

06. Placement Assistance:
Career guidance, resume preparation and interview support.

Careers & Admission

Build a career with leading airlines and MROs in India and abroad.

- Every aircraft needs a licensed AME to certify it before flight.
- Growing airline fleets are creating new jobs.
- AMEs work with airlines, MROs and cargo operators in India and abroad.
- Cabin crew work with domestic and international airlines.

Eligibility

AME:
10+2 with PCM or an engineering diploma. Minimum age 16.

Cabin Crew:
10+2 in any stream. Airline age, height and medical norms apply.
